## What makes Chris Trudeau SAT Prep's approach best?

### • Proven Success

For close to a decade our score-raising strategies and extensive materials, including a course text and math review, have been tried, tested, and proven to succeed. The 24 hours of in-class practice time plus 8 hours of real proctored exams allow us to cover everything from the SAT/ACT fundamentals to shortcuts and strategies. That really makes the difference between a good score and a great score.

### • Top Quality Instructors

Our dynamic instructors are thoroughly trained to help you prepare for the SAT/ACT exams. We will not only teach you everything you need to know, but also we will practice with you in class to make sure you have mastered it. All of our instructors have scored in the 95th percentile or above on the SAT, or in the 99th percentile on a college or graduate entrance exams. Having prior teaching experience affords the skills needed to facilitate an effective and challenging class.

### • Low Price

At \$495, the Chris Trudeau SAT Prep program is priced significantly lower than other major preparation services. We provide more personalized instruction at a much lower cost. In addition, a deferred payment plan is available to all parents.

### • Our SAT Study Guide

Our customized study guide, developed by our most experienced instructors, provides valuable supplemental SAT preparation material including effective strategies and sample questions for every section of the exam.

### • Private Tutoring

We offer private tutoring that provides individualized and self-paced academic instruction in an innovative, positive and caring environment.

### • Free Repeat Policy

In certain cases, we may allow students to retake the class for free.
